

Publicity for Rainbow Artists' Shows

In order to publicize our shows in various print and web publications, I will need the following information. A couple of the publications require the information over 1 month in advance. If the information is not received in time, I cannot publicize it in all of the publications.

You should also **provide an image in .jpg format, usually an image of one of the works**, since some of the sites require at least one image, and even if not required, it's a great way to generate interest.

Please provide the following **at least 6 weeks in advance** of the show opening.

Please fill out the information on the computer and **email** this form to:

Leslie Kryder H2oLeslie@gmail.com (call 575 405 1966 if you have questions).
